

Phonics & Sight Word Games

Plus Discussion Questions

This PDF contains the sight word game for *Pat, Cat, and Rat* from the We Read Phonics series. It is provided to make it easier for parents and teachers to create the materials suggested in the book. Just print the pages (on heavy paper or card stock, if possible), then follow the instructions for the game. You will need scissors to cut out word cards. If a game from the book is not included here, there are no printed materials needed for the game. After playing, store the instructions and game pieces in a zip-lock bag for another time.

Talking about the book with your child can be very helpful to support reading comprehension. Following the game pages is a page with suggested questions that can be helpful to ask your child both before and after reading the story.

If you have any suggestions for improving these materials, please let us know by e-mailing us at customerservice@webothread.com.

After printing this game, cut out the cards on the solid lines. Note that you will have two cards for each word.

- 1 Using one set of cards, ask your child to repeat each word after you. Shuffle both decks of cards together, and place them face down on a flat surface.
- 2 The first player turns over one card and says the word, then turns over a second card and says the word. If the cards match, the player takes those cards and continues to play. If they don't match, both cards are turned over, and it's the next player's turn.

Keep the cards. You can make more cards with other We Read Phonics books and combine the cards for even bigger games!
