Wild Wolves / Lobos salvajes	20
Wolf Tale / Un cuento sobre lobos	22
Index	24

Wolves are big, wild dogs. There are 17 kinds of gray wolves. Red wolves are another kind of wolf.

Los **lobos** son perros grandes y salvajes. Hay 17 tipos de lobos grises en el mundo. Los lobos rojos son otro tipo de lobo.

Gray wolves are the largest members of the dog family.

Los lobos grises son los miembros más grandes de la familia de los caninos.

Red wolves have shorter fur than gray wolves. This fur is often gray or tan and reddish on the head and legs. Gray wolves have thick fur. Their coats can be gray, white, black, or brown. They have bushy tails, too.

Los lobos **rojos** tienen un pelaje más corto que los lobos grises. Este pelaje suele ser gris o canela y rojizo en la cabeza y las piernas. Los lobos grises tienen pelaje denso. Sus pelajes pueden ser grises, blancos, negros o marrones. También tienen colas peludas.

With pointy noses and big ears, red wolves can look like large foxes.

Con narices puntiagudas y orejas grandes, los lobos rojos pueden parecer zorros grandes.

Male **gray** wolves are the biggest wolves. They can weigh 90 to 175 pounds (40.8–79.8 kg). Males measure about 5 feet (1.5 m) long. Red wolves are smaller. They weigh about 60 pounds (27.2 kg).

Los lobos **grises** machos son los lobos más grandes. Pueden pesar más entre 90 y 175 libras (40,8–79,8 kg). Los machos miden alrededor de 5 pies (1,5 m) de largo. Los lobos rojos son más pequeños. Pesan alrededor de 60 libras (27,2 kg).

Gray wolves' tails are 13 to 20 inches (33–50.8 cm) long.

Las colas de los lobos grises tienen una longitud de 13 a 20 pulgadas (33–50,8 cm).
